

Get design ideas and help a good cause

SPARTA — Elaine Rasmussen of Elaine's Design will present an informal design seminar at the Sparta Rescue Building on Sept. 27 between 2 and 4 p.m.

The main focus of the seminar will be how to decorate in these economic times without breaking the bank. Rasmussen will discuss staging, re-design, color trends etc.

There will be three additional presentations. Simple structural changes (moldings, paints, built-ins, etc) that can make a big change, window treatments that can redefine a room and lighting and its

ability to change the decor and mood of a space, while saving energy at the same time.

Participants are encouraged to bring their questions.

There will be a drawing for a free consultation.

A small donation of \$5 or \$10 is requested, but not required.

That money will go to benefit Prevent Child Abuse NJ. A short talk about Prevent Child Abuse NJ will be part of the seminar.

To attend, call Elaine at 908-914-1228 or Fax: 973-383-9954 to reserve your seat.
