Franklin Elementary School in Rahway recently received a grant from The New Jersey State Parent Information & Resource Center. The grant allowed the elementary school to set up a "Parent Resource Center" outside the main offices with a computer and printer for parents and guardians to use, which includes Internet access. On March 8, NJPIRC presented Franklin Elementary School with the Rising Star Award in recognition of the school's commitment to parent engagement. Pictured from left are vice principal Erin O'Connell and principal Arina Robinson.
