Mini-grants Available to Increase Parent Involvement in NJ Schools

New Brunswick, NJ-

Schools planning for their 2009-2010 school year are eligible to apply for funding through the New Jersey State Parent Information and Resource Center to help develop or enhance parent involvement programming in their community. Interest applicants can download an application at www.njpirc.org or call 732-246-8060.

The New Jersey State Parent Information and Resource Center, a program of Prevent Child Abuse - New Jersey, provides training, technical assistance, and financial assistance to selected partner schools across the state in order to support the development of effective and evidence-based practices that successfully engage families in promoting school success. Applicants may use funding to provide quality services and create “parent friendly” environments within their schools or school districts. This support will assist schools in the development of policies, programs, and practices that involve families in their child’s educational experiences as a means to promote academic success.

Schools interested in this funding opportunity may download applications at www.njpirc.org and return them by May 8th 2009 at 4:00pm. For more information, call 732-246-8060.
