arrive before 2:30

# Quality Childcare Expo

DCF Training Academy, 30 Van Dyke Ave, New Brunswick, NJ

## How it Works:

This Quality Childcare Expo is a self-paced, open-house style event. You choose where you want to go and when you want to go there. Stay for 1 hour or stay for all 5! The event is open to childcare directors, teaching staff, and anyone working in early childhood.

Model classrooms will be open throughout the day. Participate in a mini-workshops, hand washing, sanitizing, or diapering demos, or visit one of our 25 community vendors!

Check out any model room, demo, workshop or exhibitor that is of interest to you and learn about available resources and best practices for infants, toddlers and preschoolers.
