## **ABOUT THE MY LIFE MY CHOICE PREVENTION CURRICULUM**

The My Life My Choice Prevention Curriculum is an evaluated and nationally-acclaimed, ten-session exploitation prevention curriculum aimed at changing adolescent girls' attitudes and perceptions of the commercial sex industry, as well as building self-esteem and personal empowerment.

Designed to reach the most vulnerable girls (secondary and tertiary prevention) ages 12-18, the My Life My Choice Curriculum was the first comprehensive, survivor-led curriculum in the US and has been used nationwide.

Participants of the My Life My Choice Prevention Curriculum Training will learn how to deliver this psycho-educational, group-based Curriculum as a Facilitator with consideration of best practices of group facilitation. New Facilitators will receive a copy of the Curriculum and access to ongoing technical assistance from My Life My Choice.
